Nicolas Bravo, November 12

Evan Walker, November 16

J.D. DeMotto, November 26

**Save the  
date:  
Saturday,  
January 27,  
2018.**

News from Glenn Reynolds,  
state delegate:

**Support  
Designation of  
an OHV  
Recreation  
Area in CA!**

**H.R. 1913 Would Establish  
the Clear Creek Recreation  
Area**

Next  
General Membership Meeting  
is  
Tuesday, November 14  
at 7:30 PM  
at CA4WD Office

[Please urge your Senators to support H.R. 1913](#), the “Clear Creek National Recreation Area and Conservation Act.” **H.R. 1913 would reopen the Clear Creek Management Area in central California and protect access to trails, roads, and other areas on BLM land that were previously used for off highway vehicle recreation** prior to the Clear Creek Management Area closure in 2008.

The U.S. House passed H.R. 1913 in July of this year, and the legislation now sits before the Senate Energy and Natural Resources Committee. As a California specific issue, Members of the ENR Committee are hesitant to take a position on the legislation without the California delegation’s consent. It is important for California OHV enthusiasts to show California Senators Dianne Feinstein and Kamala Harris your support for access and for legislation that protects opportunities for motorized recreation.

[Please send a letter encouraging your Senators to support H.R. 1913.](#)

So many fun outings this year so far. Here’s what happened in October:

Trail master Rob Smith led the way on the Barney Riley Trail and on to Bodie.

Pictures and write-up to come!
